### EXAMINER'S AMENDMENT

1. The Drawings filed on 8/27/2003 have been approved.
2. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on 8/26/2005 has been entered.
3. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Andrew Chu on 9/6/2005.

The application has been amended as follows:

Claim 47, line 1, delete "device", insert --apparatus--.

Claim 47, line 15, before "mass flow rate", delete "the", insert --a--.

Claim 47, line 28, after "coating thickness", insert --profile--.

Claim 52, line 3, before "mass flow rate", delete "a", insert --the--.

Claim 56, lines 2, delete "control", insert --display--.

4. The following is an examiner's statement of reasons for allowance: Applicant's remarks are substantially persuasive. Applicant persuasively argues that Falck does not disclose the claimed spray valve (see pages 7-8). Such spray valves with needle valves are known (US Patent 5,755,882 to Patrick, item 33). Furthermore, all of the substantive elements of the claims are known in the art, although not together.

However, applicant persuasively argues that there is no motivation to combine the references, (for example, page 9, middle paragraph of page 13, middle paragraph of page 14), and Patrick itself would not supply motivation to combine the references.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to George R. Koch III whose telephone number is (571) 272-1230. The examiner can normally be reached on M-Th 10-7.
